

AM LITE CLASSIC

AM LITE CLASSIC X

AM PEDESTAL SYSTEM

Our entry level Acousto-Magnetic is focused on strong detection of adhesive labels, reliability, and flexibility. It was designed to operate as one or two pedestal solution with easy installation and synchronization. Thanks to its small dimensions it is perfectly suitable for retailers with limited entrance area.

The AM ACE CLASSIC system prove that an economical solution does not mean sacrificing performance or quality. Equipped with our latest AM technology detects soft labels on up to 2 meters

The LITE CLASSIC comes in two design options in tree colors where LITE CLASSIC-X is a transparent pedestal that easily blend with any store entrance and LITE CLASSIC is equipped with a popular advertisement panel for further marketing use.

The AM ACE PROFI supports remote connectivity and data collection and can also be connected to our **STOREMONITOR** cloud platform for advanced system and store performance analytics.

In addition to all these options and features, the system is equipped with our new smart **ECO** MODE that saves up to 35% of the EAS energy consumption. This way we help to reduce our customer's unnecessary utility costs, increase lifespan of the system and stay environmentally friendly

Features & options:

- Remote maintenance and diagnostics 
- Advertisement panel
- Jammer detector
- Tag too close indication
- **ECO** MODE
