

AM PROFI-ID

HYBRID PEDESTAL SYSTEM

Our AM PROFI-ID pedestal system is a cutting-edge solution that combines the best of both AM (Acousto-Magnetic) and RFID technology.

The AM PROFI-ID offers superior article protection, versatility for any retail store and provide retailers with a soft transition to article surveillance with additional protection and RFID inventory solution.

When paired with our HALLO-ID ceiling antennas it provides security over ultra wide entrances up to 3.5m. In such configuration retailers will benefit for clean and welcoming entrance while still keeping their merchandise well protected.

Our system supports remote connectivity and data collection and can also be connected to our **STOREMONITOR** cloud platform for advanced system analytics and store performance reports.

In addition to all these options and features, the system is equipped with our new smart **ECO** MODE that saves up to 35% of the EAS energy consumption. This way we help to reduce our customer's unnecessary utility costs, increase lifespan of the system and stay environmentally friendly

Features & options:

- Remote maintenance and diagnostics 
- Inventory management option
- Detection of AM labels 58kHz
- Detection of RFID tags (UHF)
- MetalMagnet detection
- Visitor counting
- Advertisement panel
- Smart directional alarms
- Jammer detector
- Tag too close indication
- **ECO** MODE
